Scheme of Assistance for Gujarat State Biotechnology (BT) Policy 2022-27
GR No.: BTP/022022/446/BT dtd. 15.02.2022 & BTP/072022/446/BT dtd. 10.08.2022

Chartered Engineer (Mechanical) Certificate for P&M (Format for Item Wise and Cost Wise Details of Plant & Machinery)

SAMPLE FORMAT

Name of Project:

Location with address:

Date of site Visit by Chartered Engineer:

Project Progress:

Installed Capacity of the Project (mention product wise details as mentioned below)

Sr. No.	Financial Year	Name of Product	Maximum Production Capacity	Actual Production	Capacity Utilization (%)
1					
2					
3					

Note:

- **Mention production capacity utilization of New unit, in case if the application is for New Project.**
- **Mention production capacity utilization of existing unit before and after expansion, in case if the application is for expansion.**
- **Mention production capacity utilization of existing unit before and after diversification, in case if the application is for diversification.**
- **Mention the unit in case of the installed capacity**

Certified that I have personally visited the site of M/s…… and examined the Plant & Machineries installed in the factory situated on the plot bearing C.N. No/ CTS No./Survey /Survey no./Final Plot no …… of Division ……village …… taluka ……District …… PIN ……admeasuring …… sq. mts. on ……. We herewith elaborate our inspection finding as under:

On the basis of physical inspection, verification & scrutiny of documents provided to us I/we confirm that all the items as per the invoice that have been purchased and installed for the proposed project of the applicant for availing benefits under the Scheme for Assistance for Gujarat State Biotechnology (BT) Policy

2022-27 were made available for our physical inspection, which were observed to be New/Old/Second Hand Indigenous/Second Hand Imported machines/items as detailed under:

(Provide details for all the P&M in tabular format, separate for each category i.e. New/ Old/Second Hand Indigenous/Second Hand Imported).

- Type of Plant & Machinery: New/Old/Second Hand Indigenous/Second Hand Imported
- Specification
- Quantity
- Installed Capacity
- Basic value of the machinery (in Lacs) (As per the invoice in case of 'New' P&M)
- Working condition of the equipment
- Present market value of the equipment
- Country of Origin
- Design & Specifications – Mfr./Model/Type
- Year of manufacture
- Approximate value in year of manufacture
- Residual life of equipment
- Packing list including spare parts

SAMPLE FORMAT

Our physical inspection also reveals that the old, used & second-hand machines/items would have been manufactured approximately between the years ……to ……

I/We certify that:

- I/ We have thoroughly inspected all the machines/items described above and hereby we confirm that they were as per the packing list & invoice and are New/Old/Second Hand Indigenous/Second Hand Imported machines/items.
- The machines/items along with the essential standard accessories, as detailed above and inspected by us were not observed reconditioned or remanufactured in any form
- The old, used & second-hand machines/items detailed above offered for our physical inspection seemed to be in good and viable condition (mention if any minor repairs are needed before the machine/item is being put to use).
- On the basis of our verification, I/ we are of the opinion that the old, used & second-hand machines/items as detailed above of this certificate shall fetch a residual life of about …… to

…… years, provided that the same are put in operation with routine & preventive maintenance measures as per the Manufacturer's Instructions Manual subject to usage of original spares for worn outs as may be postulated and recommended.

- Our assessment of present price, as detailed in the table above is based on the physical observation & condition of the machines/items presented for our inspection, which we opine is fair and reasonable. Considering these factors, we appraise that the rates detailed in the table above would be minimum estimated present rates and priced appropriately.
- Assessment of condition of assembled items is done on external status and appearance basis from practical point of view and reflects our findings at the time and place of inspection.

All the above plant & machineries have been verified by me and they have been installed at the said facility after the date …… and are working satisfactorily. All above machineries are essential and sufficient for the proposed production capacity of the enterprise.

The information furnished above is true & correct to the best of my knowledge,

· I have no direct or indirect interest in the items valued,

· I have personally inspected the facility and the Machines/Items on date …….
